WORLD FOOTWEAR FACTORY

The Vietnamese leather and footwear industry saw strong growth in 2024, with the export volume of footwear and leather products expected to increase by 12.4% compared to the previous year. In the first half of 2024, Vietnam's footwear and leather exports reached \$12.59 billion, with footwear exports accounting for \$10.67 billion and bag exports accounting for around \$1.92 billion.

In the first six months of 2024, the United States, the European Union and China were the three largest export markets for Vietnamese footwear and leather goods, with exports exceeding \$8.6 billion. China remained the largest import market, with machinery products accounting for 54.6% and leather products accounting for 33.7%. Other countries and regions, such as Thailand, Italy, the United States, Brazil, and South Korea, also had significant import demand for Vietnamese products.
